## 49.5m (162.4ft) sailing yacht ELEONORA for charter with YPI

**Monaco, 1<sup>st</sup> February 2022** – Boasting an enviable regatta record, 49.5m (162.4ft) sailing yacht ELEONORA is available for charter in the Mediterranean this summer with Yachting Partners International. ELEONORA is equally suited to fast competitive sailing or relaxed family cruising.

ELEONORA is a precise replica of the 1910 Herreshoff schooner WESTWARD. The historical yacht was arguably one of the most famous and best-known racing schooners of her time. She was designed by Nathanael Greene Herreshoff, the 'Wizard of Bristol', the designer of the America's Cup defenders which turned back all six challenges from 1893 to 1920. WESTWARD was undoubtedly the fastest schooner in the world in 1910 and in the following years.

ELEONORA was built at the Van der Graaf shipyard in Holland and was launched in March 2000. Since then, she has successfully participated in a number of classic sailing regattas and hosted a number of high profile guests on board during her charter activities. The magnificent, historic sailing yacht shows astonishing beauty under sail, her slender hull cutting a pathway through the sea in an elegant combination of beauty and power.

Mirroring N.G. Herreshoff's design, she is fully panelled in mahogany throughout. With no sacrifice to luxurious standards of comfort, her staterooms and entire traditional interior display the ambience and elegance of another age.
